“Discover The Orchard Freshness”

Every sip of any Prince juice is like biting into a fruit with a blast of its natural flavor in your mouth. Coming straight from the orchards, our each fruit is a source of best quality pulp concentrates. This means the goodness of the fruit is retained to the maximum before it makes way to our bottles and eventually to your taste buds. Taste and nutrition are brought together in every single bottle of Prince juice, reason we say... pulp in every gulp.

A large bottle of Prince Peach Drink is the central focus, filled with a vibrant orange liquid. The bottle has a white label with a crown logo and the text 'PRINCE PAAN' and 'peach'. Below this, it says 'FLAVOURED SPARKING FRUIT DRINK'. To the right, a woman with dark hair is smiling and holding a smaller, identical bottle of the drink. The background is a soft-focus mix of green leaves and yellow fruit, creating a fresh and appealing atmosphere.
